

Please be advised that completing preliminary health and insurance questionnaires does not establish a physician-patient relationship with this practice. The physician you selected will review your health history and conduct an initial evaluation to determine whether the practice will accept you as a patient.

To our patients:

In order to provide you with our full time and attention when you come for an appointment, we would like to ask you to be aware of the following guidelines.

Prescription Refills:

- We are implementing a new state of the art e-prescribing system. This works best if you **call your pharmacy directly for any prescription refills,** even if you have no refills left. The pharmacy will contact us directly to get approval for a refill or new prescription.
- Please plan ahead as most local pharmacies request 2-3 business days to process prescription requests.
 Pharmacies will typically give you a 2-3 day supply of any non-narcotic medication if you run out without realizing it and you need time for the pharmacy to process the refill.
- For mail order prescriptions, please contact your pharmacy via their 800 number or website. Please be sure to contact your mail order pharmacy at least two weeks before you will need the refill. If it is necessary for us to complete forms for your mail order pharmacy, please give us three business days to complete the paperwork.
- Many drug plans will not cover brand name medications, or do so at a much higher cost. We are not
 always able to obtain prior authorizations for your medications. Generally, you can expect to receive
 generic medications or pay a higher cost if you prefer the brand name drugs.

Walk-in appointments:

• We almost always have same day appointments available for urgent needs. Please call ahead to schedule an appointment instead of arriving at our office and requesting to see the physician. Walk-ins impact our ability to see scheduled patients on time.

Test results:

- We will notify you regarding all lab results either at your appointment or by phone or mail.
- If you have not been contacted with your results two weeks after your appointment, please call our office to follow up.
- Pathology reports, pap smears, and bone density results may take up to four weeks. Please call our office if you have not been contacted after four weeks.
- Please note that if you request lab work prior to your annual appointment, your insurance may not pay for those labs.
- We are happy to provide you with your most recent lab or radiology reports. Please call ahead and we can have that ready for you at the front desk for pick up or mail results to you.

Copies of your medical record:

- If you would like a copy of your complete medical record, we will need a formal request from you, which must be completed in writing and signed by you or your authorized representative.
- Please allow 30 days for medical record requests. There is a processing charge to release records to yourself. There is no charge to release records from one doctor to another.

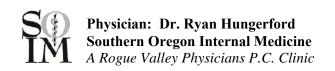

Co-pays:

• Our contracts with the insurance companies require us to collect your co-payment prior to your seeing the physicians. Please be prepared to pay this when you arrive for your appointment.

Diagnostic testing:

- Your physician will generally have the report from any diagnostic testing 2 3 days following your test.
 The radiologist who reads the study will notify your physician if there are abnormal results that require immediate follow-up.
- Most CT scans require insurance pre-authorization if not emergent exam.
- MRI, PET, Nuclear Medicine, sleep studies, cardiac studies, and other diagnostic tests require insurance
 pre-authorization. You will be referred to outside facilities for these studies. We contact the imaging
 facility of your choice and the will contact you to schedule an appointment. If you have not been
 contacted after two weeks, please call our office to request assistance in getting your exam scheduled.

We appreciate you choosing Southern Oregon Internal Medicine for your health care needs.

Financial Policy

Patient Name:	Date of Birth:

Thank you for choosing Southern Oregon Internal Medicine for your health care needs. The following is a statement of our Financial Policy which we require you to read and sign prior to your visit with us. Please be sure to complete both pages.

REGARDING YOUR INSURANCE

It is not possible for a medical practice to become familiar with the details of every health insurance plan it encounters. It is the responsibility of the patient to be aware of what is covered and what is not covered by your insurance, and how much the patient responsibility for services will be. We will submit insurance claims as a courtesy to our patients with insurance, and will help you in every way possible to obtain your maximum insurance benefits. However, you are responsible for our charges. We ask that you pay any deductible, co-pay and balance owed at the time of service. Please remember that we can only estimate the amount to be paid by an insurance company as they make payments based on their fee schedule. Their fee schedules may differ from our charges. While we attempt to help you in every way possible to obtain your maximum allowable insurance benefits, the insurance contract is between you and your insurance company and does not replace your responsibility for your account. If your insurance company has not paid your claim within 45 days, we will ask you to pay the balance in full. We will not be calling your insurance prior to your visit to verify your coverage.

SECONDARY INSURANCE

Having more than one insurer does not necessarily mean that your services are covered at 100%. We may bill your secondary carrier as a courtesy. You are responsible for any balance after insurance(s) has cleared.

USUAL AND CUSTOMARY RATES

Our practice is committed to providing the best care for our patients and we charge what is usual and customary for our area. You are responsible for payment regardless of any insurance company's arbitrary determination of usual and customary rates.

Continued...

Page 1 of 2

FOR PATIENTS WITHOUT INSURANCE

We ask that our patients that do not have insurance pay at least ½ of their charges at the time of service. The remainder of this balance must be paid in 2 equal monthly payments. Special arrangements may be made with the advance approval of the billing department. Please let the receptionist know if you need to speak to our billing staff.

OREGON HEALTH PLAN PATIENTS

If you are an Oregon Health Plan/Medical Card patient, we require that you show your current medical card before each visit and that you are currently assigned to the appropriate physician. We will re-schedule your appointment if you fail to comply with this policy and do not present with your current card. We are unable to call your insurance prior to your visit to verify your coverage.

SERVICE CHARGES

A fee of \$25.00 will be assessed to your account for any check returned due to non-sufficient funds. A fee of \$20.00 may be assessed to your account for a missed appointment.

WE ACCEPT PERSONAL CHECKS, MONEY ORDERS, VISA, MASTERCARD, AMERICAN EXPRESS, DISCOVER AND CASH

Thank you for your attention to our financial policy. Please let us know if you have any questions or concerns.

I have read the Financial Policy. I understand and agree to the terms of this Policy. In addition, I authorize Southern Oregon Internal Medicine to release any medical information necessary to process a claim. I hereby assign payment directly to Rogue Valley Physicians, PC all payments due from my insurance company. I understand that I am financially responsible for the charges and should it become necessary to collect monies in court, all court costs and attorney fees are the responsibility of the patient.
